Dear Susanne,

We would like to sincerely thank you for presenting the “Ego Boosters vs. Ego Busters: Motivating Others Through Words and Actions” workshop at the Council on the Status of Women Professional Development Conference. Additionally, we are so grateful that you were able to serve as the keynote speaker. Your presentation and, most importantly, your luncheon keynote address, were a most valuable addition to the program. We enjoyed working with you and are very grateful that you took the time out of your busy schedule to address the conference attendees. More importantly, the conference attendees enjoyed your speech and interactions with you.

On behalf of the Council on the Status of Women and the Conference Planning Committee, thank you for taking part in the Professional Development Conference. We look forward to working with you again in the future.

Sincerely,

Deborah Harvey
